285% I. (i) At any time within thirty days from the date of the sale application may be made to the Commissioner to set aside the sale on the ground of some material irregularity or mistake in publishing or conducting if ; but no sale shall be set aside on such ground unless the applicant proves to the satisfaction of the Commissioner that he has sustained substantial injury by reason of such irregularity of mistake.

(ii) ( \* \* \* )

(iii) The order of the Commissioner passed under this rule shall be final.

285-J. On the expatriation of thirty days from the date of the sale if no such application as is mentioned in Rule 285-H or Rule- 285-I, has been made or if such application has been made and rejected by the Collector or the Commissioner shall pass an order confirming the sale after satisfying himself that the purchase of land in question by the bidder would be in contravention of the provisions of Section 154. Every order passed under this rule shall be final.

285-K. ( If on application under rule 285-I is made within the time allowed therefore, all claims on the ground of irregularity or mistake in publishing or conducting the sale shall be barred ;

Provided nothing contained in this rule shall barred the institution of a suit in the civil court for the purpose of setting aside a sale on the ground of fraud.)

22. We rely on the above view and are of the well-considered opinion that the limit of 30 days and despite the finality attributed to the order of the Commissioner, the revision would be entertained under Section 219 read with amended para 911(K) of the Revenue Manual and as such the revision would not only be entertainable by the Board of Revenue, but since the Board of provisions of Section-5 of the limitation Act would apply.

“ The perusal of the judgement leads their Lordships to think that its judgement is judgement is to a great degree based on the mischievous but persistent error that the proceedings for mutation of names is a judicial proceeding, in which title to and the proprietary right in immovable property are determined. They are nothing of the kind, as has been pointed out times innumerable by the Judicial Committee. They are much mDre in the nature of fiscal inquiries instiation in the interests of the State for the purpose of ascertaining which of the several claimants for the occupation of if with the greater confidence that the revenue for it will be paid. It is little less than a travesty of judicial proceeding to regard the (mutation) orders as judicial determinations expelling proprio vigore individual from any proprietary right or interest he claims in immovable property.”

The difficulty is such cases on the interpretation of the work summary ..... If only all courts would get this word fixed in their minids the Board feel that mutation work will be enormously reduced .....It is the fear of having a case returned for further hearing, that forces the majority of Sub-Division Officer to convert themselves into extra civil courts .... It is difficult to give instructions which will cover all cases ; but a few illustrations of cases in which time can be saved may help:

- (i) If the deceased has executed a deed of adoption which has been duly registerd, it should be left to the opposite party to prove in the Civil Courts that the adoption was invalid for any reason.
- (ii) If a transfer is made with all due formality including an assertion that possession has been give and a prompt application for mutation is challenged by the transferor to the ground that the consideration has not been paid, it should be for the transferor to the Civil Courts.
- (iii) If the transfer, recorded proprietor, admits the transfer and delivery of possession inter vivos no third party should be allowed to challenge the possession of the transferee.
- (iv) If a Muslim woman produces a formal nikhahnama signed by her husband, duly registered that is sufficient evidence for the Revenue Court that she is duly married.
- (v) If aproperty executed registered will in favour of some one other than the heir is produced it is not for Revenue Courts to decide as to the competence of the testator.
- (vi) Ordinarily Civil Court's dakhnama in prusance a decree should not be questioned.

JHAP. XVJ                      OORDINAARY PERNIONS-GENERAD                      RULES  
[351-B]

financial loss to Government by mis-conduct or negligence, during his service, including service rendered on re-employment

Provided that :-

(a) such departmental proceedings, if not instituted while the officer was on duty either before retirement or during re-employment :-

(i) shall not be instituted save with the sanction of Governor.

(ii) shall be in respect of an event which took place not more than four years before the institution of such proceedings, and

(iii) shall be conducted by such authority and in such place or places as the Governor may direct and in accordance with the procedure applicable to proceedings on which an order of dismissal from service may be made.

(b) Judicial proceedings, if not instituted while the officer was on duty either before retirement or during re-employment, shall have been instituted in accordance with sub-clause (ii) of clause (a), and

(c) the Public Service Commission, U.P., shall have been before final orders are passed.

Explanation - For purposes of this article -

(a) departmental proceeding shall be deemed to have been instituted when the charges framed against the pensioner are issued to him, or if the officer has been placed under suspension from an earlier date, on such date; and

(b) judicial proceedings shall be deemed to have been instituted:

(i) in the case of criminal proceedings, on the date on which a complaint is made, or a charge-sheet is submitted to criminal court; and

(ii) in the case of civil proceedings, on the date on which the plaint is presented or, as the case may be, an application is made, to a civil court.

NOTE : As soon as proceedings of the nature referred to in this article the authority which institutes such proceedings shall without delay intimate the fact to the Audit Officer concerned.

\* 351-B. In case in which a pension is not withheld or withdrawn under Article recovered from the pension, the recovery loss caused to government is order to be exceeding one-third of the gross pension originally sectioned including any amount which may have been commuted.

-----  
\*This article was amended in notification no. G-2-1008/X-918-1958, dated January 6, 1961 before amendment this article stood as follows.

351-B (a) in determining the amount of recovery to be made under article 351-A, the provincial Government shall decide whether the recovery should be made by a permanent reduction in the amount the pension or by monthly installment for a limited period.

(b) In every case of recovery from pension care shall be taken to see that the amount of pension left is adequate for the pensioner's maintenance and the pension withheld should not should not ordinarily exceed one-third of the amount of the pension.

CHAP.XIXJ

AMOUNT OF PENSIONS  
CHAPTER XIX\_Amount of pensions  
SECTION I-GENERAL RULES

\*468. The amount of pension that may be granted is determined by length of service as set forth in Article 474 to 485. Fractions of year equal six months and above shall be treated as a completed six monthly period for the purpose of calculation of any pension admissible under these Regulation.

+468-A. the amount of pension shall be expressed in whole rupess and where the pension calculated according to the rules contains a fraction of a rupess. It shall be rounded off to the next higher rupee.

Currency

469. A prsion fixed in rupees and not in sterling money even thoughaaaa it is to be paid in England.

Award of Full Pension

470. (a) The full pension admissible under the rules is not to be given as a matter of course, or unless the service rendered has been really approved (see Appendix 9).

(b) If the service has not been thoroughaaaaly satisfactory, the authority sanctioning the pension should make such reduction in the amount as it thinks proper.

# Provided that in cases where the authority sanctioning pension is other than the appointing authority, an order regarding reduction in the amount of pension shall be made without the approval of the appointing authority.

NOTE- For the purpose of this Article 'appointing authority' shall mean the authority which is competent to make substantive appointment to the post or service from which the officer concerned retires.

Decisions of the Government of India

A Local Government has not the power to reduce a pension already granted when proof, which was not available at the time of sanctioning the pension is subsequently given of the pensioner's service not having been thoroughaaaaly satisfactory.

[ Government of India, Finance Department no. 5752-P, dated November 7, 1901.]

Decision of the State Government

Subject to the provisions of any law for the time being in force, an appeal against an order sanctioning a reduced pension under clause (b) of the above Article shall lie to the authority to whom an appeal would ordinarily lie against an order of punishment under Chapter XIII of the Classification, Control and Appeal Rules or under the appeal rules promulgated in Government notification No. 2628/II-264, dated August 3, 1932.

[G.O. No. 843/X-325, dated March 3, 1919].

\*This has effect

-----  
from April 1, 1961 vide notification no. 2-3946/X-904(9)-1960, dated March 29, 1962. Prior to the aforesaid amendment the Article stood in the following from :

468. The amount of pension that may be granted is determined by the length of service as set forth in Article 474 to 485. Fractions of a year are not taken into account in the calculation of any pension admissible to an officer under this part of these Regulations.

+Article 468-A. was amended in notification no. G-2-914/X-904-1966, dated September 12, 1967 and come into effect from Septmber 30, 1967. Prior to amendment it stood as follows:

“ 468-A. Pension fixed in rupees should be calculated to the nearest multiple of five paise, that is, where the exact amount works out to 2.5 paise or mDre, it should be taken to the next 5 paise, amounts of less than 2.5 paise being disregarded.”

# The proviso and Note to Article 470 was added in notification no. G-2-542/X-904(5)-60, dated November 1, 1962.

IN THE HIGH COURT OF JUDEGATURE AT ALLAHABAD.  
CIVIL STDE,  
ORIGINAL JURISDICTION.  
DATED : ALLAHAABAD THE 24<sup>th</sup> SEPTEMBER , 1997,  
BEFORE THE : THE : RONIBLE R.R.K. TRIVEDI,  
HONIBLE M. KATJU, J.

CIVIL MISC. WRIT PETTION NO. 30219 OF 1997.

Order on the petition filled by Sri Ayodhya Sahai alias Kunwar Bahadur -----  
Petitioner.

In Re :-

Ayodhya Sahai alias Kunwar Bahadur.

s/o Sri Ganga Sahai,

R/o Mohalla Tartala, Paragana Haweli,

District Jaunpur, ----- PETITIONER.

Versus,

1- District Judge, Jaunpur,

2- Civil Judge(Junior Division, City), Jaunpuer.

RESPONEDENTS.

The counsel for the petitioner : Sur Shiv Krishana Bahadur.

The counsel fro the Responedents : S.C.

(BY THE COURT)

(Delivered by Honible M. Katju. J.)

This writ petition has been tiled for a mandamus direction the court concerned  
to decide the Suit No. 652 of 1994 Ayodhya Sahai Vs. Lal ji Sahai and others expeditiously.

We have heard learned counsel disclose a shocking state of affairs. The  
aforesaid suit was filed as far back as in 1984 for an injuaction against the defendants to  
restrian them from interiering with the possession of the petitioner over the proerty in dispute  
and for an injunction not to demolish the Rata or make any construction over the said land. As  
stated in the petition, the suit was registered on 13.9.84 in the trial court, and on 21.5.85 the

Court issued summons to the defendants fixing 23.5.85 the Court issued summons framing issues. Service on the defendants was effected and they put in appearance on 3.9.86 and took two months time to file a written statement. 17.12.86 was fixed for written statement and issues, as is evident from the order sheet, copy of which is annexure-2 to the writ petition. It has been stated in paragraph-7 of the writ petition that as yet issues have not been framed in the suit. On 4.4.97 the petitioner made a representation in the court concerned for speedy disposal of the suit and enforcement of the temporary injunction order. True copy of the representation dated 4.4.97 is annexure-3 to the writ petition. On that application the court concerned fixed 24.5.85 for objection and disposal, but on 24.7.97 it has fixed the application for 6.12.97.

In paragraph-12 of the writ petition it is alleged that since on attention was paid to the petitioners prayer for speedy disposal of the suit, he filed a miscellaneous application dated 26.6.97 before respondent No.1, the District Judge, for a direction to respondent No. 2 for speedy disposal of the suit. True Copy of the application dated 26.6.97 is annexure-4 to the writ petition. On that application the District Judge passed an order dated 28.5.97 directing the trial court to pay special attention to the disposal of the case and to see that the defendants do not succeed in adopting delaying tactics. True copy of the said order is annexure-5 to the writ petition. However, despite this order, the trial court has not paid any heed to it and is not disposing of the suit, hence this writ petition.

The above facts disclose a lamentable state of affairs. 13 years have passed since the institution of the suit, but as yet even issues have not been framed. What kind of justice is this ?

In fact a large number of suits, criminal trials and other kind of cases are not being decided expeditiously in this State which is bringing the judiciary into disrepute. In our opinion, all suits, criminal trials and other kind of cases must be fixed by the court at the time of filing of suit, or other kind of case, or filing of the charge sheet (in the case of criminal cases) or receipt of the reference order (in labour cases), and the court must strictly follow the schedule and both parties shall also be bound by it for only then will the public retain its faith in the judiciary. Justice delayed is justice denied. In a large number of cases it has been found by this Court that many of the judges of the sub-ordinated judiciary are not discharging their duty properly and are not speedily disposing of the cases. It may be pointed out that the proviso of Order 17 Rule 1(2) of the C.P.C. states :-

“(a) When the hearing of the suit has commenced, it shall be continued from day-to-day until all the witnesses in attendance has been examined, unless the court finds that, for the exceptional reasons to be recorded by it, the adjournment of the hearing beyond the following day is necessary.

(b) no adjournment shall be granted at the request of a party, except where the circumstances are beyond the control of the party.

(c) the fact that the pleader of a party if engaged in another court, shall not be a ground for adjournment.

(d) where the fitness of a pleader or his inability to conduct the case for any reason, other than his being engaged in another court, is put forward as a ground for adjournment, the court shall not grant the adjournment unless it is satisfied that the party applying for adjournment could not have engaged another pleader in time.

(e) where a witness is present in court but a party or his pleader is not present or the party or his pleader, though present in court, is not ready to examine or cross-examine the witness the court may, if it thinks fit, record the statement of the witness and

pass such orders as it thinks fit dispensing with the examination-in-chief or cross-examination of the witness, as the case may be, by the party or his pleader not present or not ready as aforesaid.”

The above provision shows that there should be day-to-day hearing of all suits, unless for some exceptional reason to be recorded /the adjournment of the case become necessary. Such adjournment should not be granted unless there are exceptional circumstances beyond the control of the party. The case should not be adjourned on the ground of illness of a counsel unless the court is satisfied that the party applying for adjournment could not have engaged another pleader in time.

A similar provision exists in Section 309(1) Cr. P. C. to ensure speedy trials in criminal cases.

It is distressing, however, to note that the above provisions in order 17 Rule 1(2) C.P.C. or Section 309 (1) Cr.P.C. are hardly ever followed and adhered to by the courts, although they are mandatory provisions. We, therefore, direct that the proviso to order 17 Rule 1 (2) of the C.P.C. and Section 309(1) of the Cr.P.C. must in future be strictly adhered to in all cases in U.P. The principle of these provisions is of general application (i.e. to ensure speedy justice) and hence the same procedure must also be followed in cases which are other than suits or criminal trials e.g. applications under Section 21 of the U.P. Urban Buildings Act. Cases under the U.P. Industrial Disputes Act, etc.

The public in this state, and indeed all over India, is disgusted, and in our opinion rightly so, with the delay in deciding the cases in court in courts and Tribunals. The judiciary is accountable to the public and hence the time has now come when strong action must be taken against judicial officers who delay in disposal of the cases, who do not sit in court in time, or rise before the closing time.

We therefore, dispose of this petition with the direction that the aforesaid suit No. 652f of 1984 must be decided within three months of the production of the certified copy of this order before the court concerned, if necessary, by day-to-day hearing.

We also issue a general mandamus to all sub-ordinate court and Tribunals in this State to decide suits, criminal trials labour disputes, rent control cases and other cases on basis of a time bound programme fixed by the court for each case and usually by day-to-day hearing. Parties should not be allowed to deviate from the time schedule and the court must refuse adjournments sought by counsels of the parties except on rare and exceptional grounds mentioned in order 17 Rule 1(2) C.P.C. On receipt of copy of this judgement every court or Tribunal shall fix a time schedule for final disposal of each case, in presence of parties, and learned counsel shall be informed that they shall not be allowed to deviate from the time schedule fixed. This exercise must start from the next date after receipt of this judgement. The learned District Judges and other Presiding Officers shall be personally responsible for strict compliance of the directions contained in this order.

We, further direct that if any suit, criminal trial or other case takes more than two years to decide from the date of institution, or on an appeal taken more than one year, an adverse entry shall be placed on the record of the judicial officer responsible for the delay by the District Judge of the District, and if the errant judicial officer is the District Judge himself an adverse entry shall be placed on his record by Honble Inspecting Judge of the District. Apart from that, it shall amount to a judicial mis-conduct and other action must be taken against the concerned judicial officers who are responsible for the delay in deciding the cases. This court will no longer tolerate this state of affairs which is bringing a bad name to judiciary.

The Registrar of this courts directed to send a copy of this judgement immediately to all Honable Judges of this Court, all the District Judges, Board of Revenue, and Presiding Officers of the Tribunals in the State, who in turn shall circulate a copy of this judgement to all the judicial officers and revenue i.e officers in the district. Copy of this order shall also be sent to the High Court Bar Association and all the Bar Associations in the district and the D.G.C. (criminal), D.G.C. (civil), D.G.C. (Revenue) and all other counsel representing the State and local bodies or local authorities.

Date : 24.9.97
